

# MINE OPERATOR SAYS MEXICO SHOULD BE RECOGNIZED BY U. S.

DOUGLAS, April 24.—Frank Proctor, well known in Arizona mining circles, was in Tucson last week on his way to Cananea to look after his mining interests there. Mr. Proctor, now a resident of California, is largely interested in the mining industry in Mexico.

Mr. Proctor states that he sees no hope for a revival of activity in mining in Mexico in the near future. It will not be possible to interest American capital in Mexican mining industries until affairs there reach a much more settled state than is now to be found, Mr. Proctor states.

One reason for the coldness of American capital toward Mexican mining ventures is to be found in the policy of non-recognition employed by the present administration, according to Mr. Proctor. Until the present Mexican government is recognized, it will not be possible to open Mexican mining on a large scale.

Taxes on mining claims in Mexico constitutes another burden, Mr. Proctor adds, although the Mexican government is not so severe in its taxation as is this country. However, the burden of these taxes, combined with the inability to secure American capital and the present low price of copper, is sufficient to hamper mining industries largely.

Most of the mines in the Cananea district are still open, Mr. Proctor states, but there is no smelting, and most of the work being done in the mines is merely developing of ore bodies, looking forward to the time when it will be possible to resume mining on a large scale.

## BENSON TEAM WINS BY ONE RUN.

The Benson baseball team yesterday afternoon defeated the local nine by a score of 11 to 10, in a closely contested and fast game played on the local diamond.

The visitors played a good game of ball, but it was the poor playing of the local team at the critical moment that gave them the narrow margin.

During the game both umpires rendered some decisions that displeased both sides, but sportsmanlike was the attitude of both teams, and the mistakes of the umpires were few at that.

One decision, however, cost the local boys the game. That came when they were allowed a score made from a play which retired the Benson team for the inning. The captain of the Benson team afterward admitted that they were not entitled to that score, and was willing to declare it a tie game, but the umpire decision was accepted during the progress of the game, and the Benson team is entitled to credit for the game.

They played clean ball and there were none to begrudge them their victory.

## ROSALES GROUP DEVELOPMENT SATISFACTORY

DOUGLAS, April 21.—Dr. J. J. P. Armstrong, sole owner of the Rosales group of mining claims located in the Moctezuma district of Sonora, returned yesterday from a ten days' inspection of the properties. He was accompanied on the trip by H. C. Beauchamp of this city.

After an examination by Beauchamp in September last, a definite plan of development was outlined and has since been followed. A deep work tunnel was started at the lowest point upon the main claim of the property. To date this tunnel has been driven about 470 feet. The first 100 feet of the tunnel consisted of a cross-cut to the vein. The last 370 feet of the tunnel has been in the ore the entire distance. The ore ranges in width from 6 inches to as high as 6 feet. No stopping of the ore has been attempted, the doctor desiring simply to develop his property to the stage where the installation of a mill will be justified.

## PAVING STARTS IN PRESCOTT

PRESCOTT, Ariz., Apr. 24.—Traffic may have a hard time of it in the coming weeks, but Prescott is now breathing easier. Street paving work is under way.

# HUSBAND OF FORMER TOMBSTONE GIRL IS INJURED IN BLAST.

According to word received this afternoon from Bisbee, C. T. Barrett, lies at the point of death in the hospital as the result of having picked into a missed hole at the Briggs shaft shortly before noon today.

The explosion resulting when the unfortunate man struck the charge of dynamite tore out both of his eyes, shattered both his arms and, entering his breasts, separated both his lungs. Although at 4 o'clock he was still alive, the injured man is not expected to live, a telephone message said.

Barrett, who is the husband of a former Tombstone girl, who was formerly Miss Ella Aston, who worked here as stenographer for several years at the Bunker Hill Mines Co. office, left their ranch in the Huachuca mountains barely two months ago to work in the mines at Bisbee. Both often visited in Tombstone, having many friends here.

## C. T. BARRETT DIES FROM EXPLOSION.

C. T. Barrett, husband of Mrs. Ella Barrett, formerly of Tombstone, died in Bisbee last night shortly before 7 o'clock as the result of injuries received when he picked into a missed hole while at work at the Briggs shaft yesterday afternoon. Although mortally wounded with both eyes blown out, his chest badly shattered and both arms broken, the injured man lived over six hours. His wife resides in Bisbee, where the funeral services will probably be held. He leaves also a small child.

## HILLTOP MINE PROMISES TO BE VALUABLE

DOUGLAS, April 17.—Parties recently returning from Hilltop, in the Chiricahua mountains, state that the mines are still in the new ore body which was encountered about a month ago in both the 800 foot and 1100 foot tunnels. They report that the ore carries values of about \$100 per ton. While no report of ore uncovered to date has been given out, it is said to be estimated many hundred thousand tons. Not all of this, however, is of this high grade.

April 1st, on the property adjoining, owned by the Hilltop Extension Mining company, work was started on a haulage tunnel which is expected to cut the ore bodies at a depth of about 700 feet from the surface. Numerous ore shoots show on the surface of these properties and several of them have been thoroughly prospected and ore exactly the same character has been encountered as is shown in the Hilltop properties adjoining. In one case ore has been followed down over 100 feet and much valuable ore uncovered. One body of ore, which was followed for 28 feet showed values of about \$100 per ton.

From all indications there is a great future ahead for this mining district.

## CAP EXPLODES, INJURES MINER

KINGMAN, Ariz., Apr. 23.—E. W. Cummings met with a most painful accident at the Katherine mine, last Wednesday. He was searching in an old barrel containing pieces of iron and bolts and nuts when it is supposed a giant cap was exploded, the explosive force driving pieces of iron and cap into his breast, ears and stomach. The explosion was heavy, throwing him quite a distance. He was immediately brought to town and given surgical attention, and is now getting along nicely. Just how the cap or caps got into the barrel with the iron is unknown.

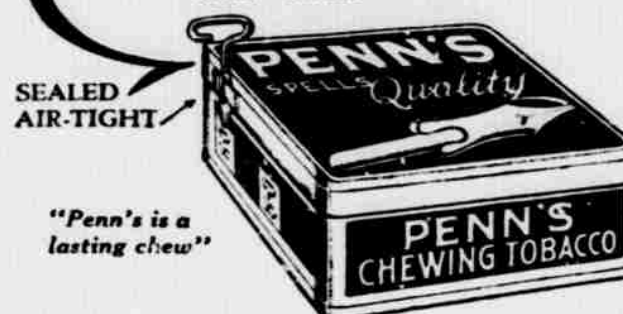

## BANK TO OPEN BRANCH IN NOGALES

NOGALES, April 25.—J. S. Elias, cattleman and brother of Governor Francisco Elias of the state of Sonora, announced here today that a branch of the Compania Bancaria Mercantile de Sonora, one of the leading banking institutions of Sonora, will be opened in Nogales, Son., within 90 days. A new building will be erected to house the bank, according to Elias, who will be manager of the institution.

# PENN'S SPELLS Quality

Penn's is packed air-tight in the patented new container—the quality is sealed in.

Penn's is always fresh.  
Buy Penn's the next time. Clean—fresh—sweet.

"Penn's is a lasting chew"

The American Tobacco Co.  
INCORPORATED

## REGISTRATION OF VOTERS TO START MONDAY, MAY 1

The registration of voters who expect to take part in the general state and county elections next November will begin on May 1. Recorder H. L. Hutchison, in whose office the registration will be held, announced Saturday.

No person who is not registered this year will be permitted to vote, regardless of whether he or she registered two years ago.

The registration headquarters at the county recorder's office will close 10 days before the September primaries, will remain closed for 17 days and will then reopen and will stay open until October 15. Recorder Hutchison said.

Recorder Hutchison again called attention of the public to a recent ruling of the court declaring that a county recorder may NOT cancel the registration of an elector when the elector has changed his political party affiliation and wishes to register anew.

## MIAMI SMELTER PLANS TO BLOW IN ITS FOURTH FURNACE IN TWO WEEKS

MIAMI, Ariz., Apr. 24.—Preparations are being made at the International smelter today for the starting up of No. 4 reverberatory furnace, according to management officials made this morning.

While no definite date can be set as yet for the first pouring of copper from the additional furnace, it is likely that this event will take place within the next two weeks.

The smelter is producing an average of 15,000,000 pounds of copper at the present time, and it is in order that every possible emergency can be met that the fourth furnace is being blown in.

## HOLD-UP MEN STOP COUPLE; ROB ONE

PHOENIX, Ariz., Apr. 24.—Frederick Hill and Mildred Hixon were victims of hold-up men last night while on the way to their homes from the Shrine auditorium, where they had been attending the Shrine circus, they told sheriff's deputies last night.

The hold-up took place near Liberty Park about 11:30 o'clock, they said. A 15-jewel watch, 15 cents in cash and a pocketknife were taken, all from Hill, they said. The girl was not molested.

## ARIZONA STATE TAX

PHOENIX, Ariz., Apr. 22.—State tax anticipation bonds aggregating \$1,500,000, bearing interest of 4 1/4 per cent per annum, and expiring in 60 days, were sold at par today to the Bankers' Trust company of New York by the state loan commission. The sale followed a meeting of the commission in Governor Campbell's office. Commission members asserted the terms were exceptionally good in view of the short length of time specified.

# FRENCHMAN HURT IN QUARREL AT S. & M. CAMP MAY SUCCUMB

FLAGSTAFF, Ariz., Apr. 24.—A middle-aged Frenchman named St. James, driver for the Saginaw & Manitowish Lumber Co., was seriously injured about the head at the Bellemont camp of the company the first of last week and brought here for treatment.

The man had received a powerful blow on the head, depriving him of memory and partially of speech. It is feared at Mercy hospital, where he was taken, that he may have concussion of the brain and there is a chance that his injuries may prove fatal.

The man could not tell how he was injured, nor could he remember when it happened nor who was with him at the time. But it is reported that he was struck with a canthook by L. A. ("Uncle Lew") Roberts during a quarrel over some nose bags at the lumber company's barn, where Roberts is stable boss. Sheriff Campbell and Assistant County Attorney Geo. W. Harben, accompanied by Herbert Fay as interpreter, went to Bellemont to investigate the case and expect to bring Roberts back under arrest.

## LOCAL MAN SUCCUMBS TO PNEUMONIA.

Herman Trappman, Jr., son of Mr. and Mrs. H. Trappman, pioneer residents of Tombstone, died last night at the C. & A. hospital in Bisbee, as the result of pneumonia.

He was taken sick several days ago, and despite the warning of his physician, refused to go to bed or take any preventive measures, being firm in his belief that he was suffering only the effects of a severe cold. His condition became so critical, however, that Friday night he was rushed to the C. & A. hospital, but nothing could be done to relieve the congestion of his lungs, and he passed away last night at 9:15 o'clock.

Trappman has resided in the Tombstone mining district for the past several years, and has many friends here who were pained to learn of his death as he was a likable man and made friends with all whom he came into contact.

Funeral arrangements have not been announced pending receipt of word from a brother, Ernest, at Prescott, who has been advised of the death. If he is able to come the funeral will not be held until Wednesday, but if unable to attend the funeral will be held here tomorrow afternoon.

## MESA JAIL CROWDED WITH BOOTLEGGERS

MESA, Ariz., April 24.—Constable O. L. Pickens declares that the local jail is filled to capacity with bootleggers and other offenders of the law. Three operators of three distinct stills were arrested by himself and Mendoza.

## FOR SALE—Selected Seed Corn and Dahlia Bulbs. Artesia Ranch, Hereford, Ariz. —Advt

## NOTICE FOR PUBLICATION—ISO LATED TRACT

PUBLIC LAND SALE  
Department of the Interior  
U. S. Land Office at Phoenix, Arizona, April 14, 1922.

Notice is hereby given that, as directed by the Commissioner of the General Land Office, under provisions of Sec. 2455, R. S., pursuant to the application of William J. Davis, Serial No. 651365, we will offer at public sale, to the highest bidder, but at not less than \$2.50 per acre, at 10 o'clock A. M. on the 29th day of May, next, at this office, the following tract of land: Lot 4 Sec. 18, lot 1 Sec. 19, T. 21-S., R. 25-E., G. & S. R. B. & M. This tract is ordered into the market on a showing that the greater portion thereof is mountainous or too rough for cultivation.

The sale will not be kept open, but will be declared closed when those present at the hour named have ceased bidding. The person making the highest bid will be required to immediately pay to the Receiver the amount thereof.

Any persons claiming adversely the above-described land are advised to file their claims, or objections, on or before the time designated for sale.

JOHN R. TOWLES, Register.  
SCOTT WHITE, Receiver.  
First publication April 23, 1922.

## NOTICE FOR PUBLICATION
